EBSCO eBook Collection

This opens a pop-up window to share the URL for this database

A viewable collection of textbooks, test prep books and technical materials (formerly known as NetLibrary).

Gale Academic OneFile Select

This opens a pop-up window to share the URL for this database
Gale Academic OneFile Select covers everything from art and literature to economics and the sciences. This resource for academic research integrates the full text of publications from across the disciplines and includes vocational/technical titles used by community college students, filling a specific need for curriculum-oriented collections. The combination of full-text scholarly journals and select general interest titles, for smaller academic libraries, is ideal.

MedlinePlus

This opens a pop-up window to share the URL for this database
An authoritative information source from the National Library of Medicine (NLM), the National Institutes of Health (NIH), other government, non-profit and other health-related organizations and is organized by help topic. MedlinePlus also provides full-text drug information and an illustrated medical encyclopedia.
